

Tradesman Marine charter and guide insurance

Tradesman - Marine charter and guide insurance

The Markel Marine Tradesman insurance program has been designed from the ground up to offer a broad spectrum of coverage features for a wide variety of **marine business uses**. Owners of charter and guide boats are exposed to significant risks and liabilities. Markel knows that protecting their investment and assets is a priority; it's our priority, too.

Target risks in this program include: sport fishing, guides, dinner cruises, water taxis, and sightseeing excursions.

When a loss occurs, it can lead to costly downtime. A **NEW business interruption** coverage is now available to help a marine business withstand a covered accident.

Plus, if used for sport fishing, a **NEW preferred charter*** package is available, which includes:

Tournament fee reimbursement	Reimbursement for the non-refundable portion of a tournament entry fee
Referral liability	Covers legal obligations if the insured negligently refers people to another professional charter and they are injured
Emergency expense reimbursement	Coverage for lodging and transportation expenses due to a covered physical damage loss, while more than 250 miles from mooring location
Limited commercial fishing	Allows usage for limited commercial fishing
